Houghton Mifflin Presents the English for Academic Success Series

The **Houghton Mifflin English for Academic Success** series is a *comprehensive, 20-book series* designed to prepare students who are not native speakers of English for academic success in U.S. college degree programs. The series consists of 16 student textbooks of four levels (low intermediate, intermediate, high intermediate, high intermediate-advanced) in four skill areas (reading, writing, oral communication, and vocabulary). Each text has a robust web site for teachers that includes an Instructor's Resource Manual and student assessment tools, and a web site for students with additional activities. Instructors will benefit by being able to select texts at different levels in each skill area to match their students' needs.

The series also offers four *Essentials* books, one for each skill area, which provide helpful information for instructors new to teaching reading, writing, oral communication, and vocabulary.
